December Principal's Message

Season's Greeting to all families and friends of CSLA:

As we embark on a fun-filled Christmas and Winter Season, I encourage all of us to take some time to enjoy our children and the joy they bring to us each and every day.

Burton Hillis, an American columnist and author, stated it best:

"The best of all gifts around any Christmas tree: the presence of a happy family all wrapped up in each other."

The caring faculty and staff at the school hold a special place in our hearts for your children. When I personally go around and see what is happening in the classrooms and the discussions we have together tells me that you parents have great kids. We are so lucky to be able to be a part of their lives and education.

In the lobby of the school, we have a special tree decorated with ornaments that have needs and wishes of children in the community. I encourage each family to take a look at the ornaments and choose one as a family. This is a wonderful opportunity for families to craft a memorable Christmas for a another deserving family.

Each week we open our doors to more and more students. Families are seeing what a wonderful school we have and are desirous to have their children be a part it. Talk to other families in your neighborhood about CSLA. Encourage them to come in for a tour or to get to know the faculty and see the learning taking place. We want to provide as many children as possible with the same opportunities to excel and learn as your child is receiving.

As the winter months begin to blow and the weather gets colder, please remember to dress your children appropriately. Additionally, when dropping-off or picking-up your children, please remain in your vehicle. If you need to enter the building, simply pull into the parking lot and conduct your business. By doing this, it will help us maintain a safe and smooth flowing dropping-off or picking-up process for all families.

May Peace be your gift at Christmas and your blessing all year through!

Happy Holidays,

Mr. Jason Finch
